# Illuminating Local Insights – Mobilizing Local Responses: **Evidence for Program Delivery Informed by Program-Level Data** Ghazal Niknazar, Project Manager, Hospitality Workers Training Centre (HWTC)

Through an ongoing and intentional mobilization of Institutional/Community Level data and insights, Hospitality Workers Training Centre's (HWTC) sector-specific workforce development interventions have demonstrated outstanding outcomes for Newcomer Job Seekers over the past two years.

We recognize that comprehensive and timely analysis of Institutional/Community Level knowledge significantly enhances our programming and our service environment.

This framework and the resources that have emerged from this approach have been purposely designed to be adaptable locally across diverse communities, based on the most current localized needs and opportunities. It frames how Institutional/Community Level (Meso) may be better leveraged to inform better individual and programmatic outcomes (Micro), as well as stronger public policy (Macro).
